- My Girl

Amy is a very bubbly, funny and energetic act. She appeals to all age groups and is suitable for all kinds of venues.

Amy has been performing since she was a child and is a natural entertainer. She had her own band at the age of 13 and worked on holiday parks for a couple of years, giving her a good grounding. Amy performs to backing tracks for her general covers show but is also available as an acoustic act, where she may pop a few of her own songs into the sets. Amy is also working on a duo with her best friend Craig, that we hope to promote in the future. She also regularly hosts Open Mic nights in a local pub and is also available for karaoke sessions.

A very popular act, Amy is always rebooked and has become a firm favourite on Big Beat Entertainment's roster.
