

Helen James – Big Beat Entertainment

A unique soulful sounding voice, sets Helen as one of the Midlands finest female vocalists.

Having sung for many years at charity events by request, Helen decided to turn her passion into a career. She performs a Soul & Motown review with a few 60's and 70's pop and disco classics thrown in. The entire show means you will have a full on party atmosphere and brings your night to life with all the major floor-fillers and foot tapping tunes.

Having supported the likes of Gareth Gates, The Three Degrees and the late Sir Joe Longthorne, Helen is used to performing at large events. She is available to book for corporate events, supporting act, wedding and any other party function.
